

Where your world opens up.

In 2017, a partnership between Pfannenbergs and People Inc. was developed. Today, this partnership provides work opportunities for six People Inc. employees and allows them to be a part of a progressive company. Workers have had a chance to learn and develop new skills, which are unlike anything they have learned before. These new skills have led to increased confidence in everyone involved, as well as an even greater desire to learn. One employee, in particular, works three days per week at Pfannenbergs. He had a history of being nervous when trying any new job and would express, "I can't do it," even before trying. Since he began working at Pfannenbergs, he has embraced new work with confidence and enthusiasm. The People Inc. crews, as a whole, have learned the importance of taking pride in their work, and show it by ensuring quality in each piece that is produced. In addition, they have obtained a better understanding of working as a team and helping each other when assistance is needed.

Everyone within the Pfannenbergs Company has embraced the People Inc. employees as coworkers. They are greeted warmly each morning and included in staff luncheons. Pfannenbergs staff will also frequently engage in casual conversation with People Inc. employees, resulting in a sense of belonging. This past summer, our crew was so thrilled when each person was given a company shirt and hat.

Several People Inc. employees have expressed what they do with the money they earn at Pfannenbergs. One man stated that he helps his father with paying monthly billings. He also saves his money to pay for airfare to the Dominican Republic, where he travels each year with his church to help those in need. Another employee is saving money, so that he and his girlfriend can travel to Disney World in the spring of 2020.

In addition to providing working opportunities at their facility, Pfannenbergs also provides work for 10 employees at the People Inc. location in Depew.

The relationship has proven to have a truly powerful impact on each person involved and we have observed so much growth in each employee. As we move into the future, we will continue to work towards exceeding Pfannenbergs' expectations and continually demonstrating everything that People Inc. employees are able to do.

The partnership is of great value, as it allows the folks here at People Inc. to be a part of a larger community and experience a sense of inclusion. We look forward to a long alliance with Pfannenbergs.

Best Wishes in 2019,

Ken Levan
Business Service Manager
People Inc.
